

# HUMAN BIOLOGY

## BIO 20

### *Research Paper*

As part of your final exam, you are to prepare a formal research paper on a condition or disease of the human body. You have your choice of topic but there will be no duplicates--first come first serve will reserve a space for you. It will carry with it a 10% impact on your grade for the final draft. Rough draft and topic deadlines will be put into the same paper category.

*Research paper - -*
